Head of Regeneration

About Redbridge

Redbridge is amongst the fastest growing places in the country and we are full of ambition for our people and communities. We are proud of the rich diversity across the borough. As home to more than 350 local voluntary and community organisations and thousands of businesses we want to build on our successes and strong partnerships and work smarter and faster to deliver growth and investment and improve the lives of all our residents. We have excellent schools, good affordable housing (compared to other parts of London) high quality open spaces and rapid transport connections into the heart of the city - all of which offer great opportunities for people of all ages to enjoy.

Our population increase - both because of people living longer and because our young families are growing - is driving more demand for adults and children's services and affordable housing. This means we need to deliver proactive customer-centric services and ensure we have strong employment opportunities and economic growth potential as well as good housing provision, designed for current and future need. We want everyone to feel safe and proud to belong to our Borough and believe this is a fantastic time to be at the centre of a big team effort that will deliver our vision with, and for, the people of Redbridge.

All of this means we need to work as a united, positive team, with determination and pace, to make sure our vision and plans are achieved. We have a strategic delivery plan already in place and this is underpinned by our values of **Collaboration**, **Honesty**, **Excellence and Fairness.** All the foundations are in place to build and deliver a range of solutions and outcomes that will continue to make sure Redbridge is a fantastic place to live work and play for people of all ages.
